## INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members  
of the Township Council  
Township of West Caldwell  
West Caldwell, New Jersey 07006

We have audited the accompanying statutory basis financial statements of the various funds of the

### TOWNSHIP OF WEST CALDWELL COUNTY OF ESSEX

as of and for the year ended December 31, 2010, as listed in the foregoing table of contents, and for the year ended December 31, 2009. These statutory basis financial statements are the responsibility of the municipality's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

These statutory basis financial statements have been prepared in conformity with accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey which are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. These practices differ in certain respects, which in some instances may be material, from generally accepted accounting principles applicable to local government units. The more significant of these practices are described in Note 1 to the financial statements.

In our opinion, because of the Township's policy to prepare its financial statements on the basis of accounting discussed in the third paragraph of this report, the financial statements referred to above do not present fairly, in conformity with generally accepted accounting principles, the financial position of the Township of West Caldwell as of December 31, 2010 and 2009 or the results of its operations for the years then ended.

However, in our opinion, the statutory basis financial statements referred to above present fairly, in all material respects, the financial position of the Township of West Caldwell in the County of Essex, as of December 31, 2010 and December 31, 2009, and the results of operations of such funds for the years then ended, in accordance with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and described in Note 1 to the financial statements.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 2, 2011 on our consideration of the Township of West Caldwell's internal control over financial reporting and our test of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the statutory basis financial statements of the Township of West Caldwell taken as a whole. The accompanying supplementary schedules presented in the "Supplementary" sections are not required parts of the financial statements and are presented for purposes of additional analysis as required by New Jersey State Division of Local Government Services. Such information has been subjected to the auditing procedures applied in the audit of the statutory basis financial statements and, in our opinion, is fairly presented in all material respects in relation to the statutory basis financial statements taken as a whole.

## TOWNSHIP OF WEST CALDWELL

### NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2010

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

##### A. Reporting Entity

The Township of West Caldwell is governed by a Mayor-Council Type Government. The Township Council consists of six members, one of which is appointed Council President on an annual basis. The Mayor is elected in a general election for a term of 4 years. Each Council member is elected in a general election for a term of 3 years. Each Council member carries the power of one legislative vote while the Mayor votes only in the event of a tie.

Governmental Accounting Standards Board (GASB) Statement No. 14 establishes certain standards for defining and reporting on the financial reporting entity. In accordance with these standards, the reporting entity should include the primary government and those component units which are fiscally accountable to the primary government.

The financial statements of the Township of West Caldwell includes every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township, as required by the provisions of N.J.S. 40A:5-5. The financial statements, however, do not include the operations of the Municipal Library, which is a separate entity subject to a separate examination.

##### B. Description of Funds

The Governmental Accounting Standards Board ("GASB") is the recognized standard setting body for establishing governmental accounting and financial reporting principles. However, the accounting policies of the Township conform to the accounting principles applicable to municipalities that have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. These principles are an "Other Comprehensive Basis of Accounting" (OCBOA) which differs from accounting principles generally accepted in the United States of America ("GAAP") for governmental entities. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township accounts for its financial transactions through the following separate funds and an account which differs from GAAP:

Current Fund - Encompasses resources and expenditures for basic governmental operations. Fiscal activity of Federal and State grant programs are reflected in a segregated section of the Current Fund.

Trust Funds - The records of receipts, disbursements and custodianship of monies in accordance with the purpose for which each account was created are maintained in Trust Funds. These include the Assessment Trust Fund, Animal Control Trust Fund and General Trust Fund.

General Capital Fund - The receipts and expenditure records for the acquisition of general infrastructure and other capital facilities, other than those acquired in the Current Fund, are maintained in this Fund, as well as, related long-term debt accounts.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### B. Description of Funds (Continued)

Utilities Funds - Water and Swimming Pool Utilities are treated as separate entities. Each maintains its own Operating and Capital Funds which reflect revenue, expenditures, stewardship, acquisitions of utility infrastructure and other capital facilities, debt service, long-term debt and other related activity.

Public Assistance Trust Fund - Receipts and disbursements of funds that provide assistance to certain residents of the Township of West Caldwell pursuant to the provisions of Title 44 of the New Jersey statutes are maintained in the Public Assistance Trust Fund.

Free Public Library - Budget Appropriations and State Aid are transferred to the Free Public Library bank account and are expended with the approval of the Library for its purposes. Interest on investments, Library fines and other revenue are retained by the Library and expended therefrom. The Library is the subject of a separate report.

Payroll Fund - Net salaries, certain payroll deductions and social security contributions of municipal and utility operations are deposited into various bank accounts of the Payroll Fund. A Payroll Fund does not exist under GAAP.

Capital Fixed Assets - This account reflects estimated valuations of land, buildings and certain movable fixed assets of the Township as discussed under the caption of "Basis of Accounting".

### C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, differ in certain respects from accounting principles generally accepted in the United States of America. The accounting system is maintained on the modified accrual basis with certain exceptions. Significant accounting policies in New Jersey are summarized as follows:

#### Property Taxes and Other Revenue

Property taxes and other revenue are realized when collected in cash or approved by regulation for accrual from certain sources of the State of New Jersey and the Federal Government. Accruals of taxes and other revenue are otherwise deferred as to realization by the establishment of offsetting reserve accounts. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

#### Grant Revenue

Federal and State grants, entitlements or shared revenue received for purposes normally financed through the Current Fund are recognized when anticipated in the Township of West Caldwell budget. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual.

#### Expenditures

Expenditures for general and utility operations are generally recorded on the accrual basis. Unexpended appropriation balances, except for amounts which may have been cancelled by the governing body or by statutory regulation, are automatically recorded as liabilities at December 31<sup>st</sup> of each year, under the title of "Appropriation Reserves".

Grant appropriations are charged upon budget adoption to create spending reserves.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### C. Basis of Accounting (Continued)

#### Expenditures (Continued)

Budgeted transfers to the Capital Improvement Fund are recorded as expenditures to the extent permitted by law.

Expenditures from Trust and Capital Funds are recorded upon occurrence and charged to accounts statutorily established for specific purposes.

Budget Appropriations for interest on General Capital Long-Term Debt is raised on the cash basis and is not accrued on the records; interest on Utility Debt is raised on the accrual basis and so recorded.

GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

#### Encumbrances

As of January 1, 1986 all local units were required by Technical Accounting Directive No. 85-1, as promulgated by the Division of Local Government Services, to maintain an encumbrance accounting system. The directive states that contractual orders outstanding at December 31<sup>st</sup> are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

#### Appropriation Reserves

Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

#### Compensated Absences

Expenditures relating to obligations for unused vested accumulated sick, vacation and compensatory pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

#### Property Acquired for Taxes

Property Acquired for Taxes (Foreclosed Property) is recorded in the Current Fund at the assessed valuation during the year when such property was acquired by deed or foreclosure and is offset by a corresponding reserve account. GAAP requires such property to be recorded in the capital fixed assets at market value on the date of acquisition.

#### Self-Insurance Contributions

Contributions to self-insurance funds are charged to budget appropriations. GAAP requires that payments be accounted for as an operating transfer and not as an expenditure.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### C. Basis of Accounting (Continued)

#### Interfunds Receivable

Interfunds Receivable in the Current Fund are generally recorded with offsetting reserves which are established by charges to operations. Collections are recognized as income in the year that the receivables are realized. Interfunds Receivable of all other funds are recorded as accrued and are not offset with reserve accounts. Interfunds Receivable of one fund are offset with Interfunds Payable of the opposite fund. GAAP does not require the establishment of an offsetting reserve.

#### Inventories of Supplies

Materials and supplies purchased by all funds are recorded as expenditures.

An annual inventory of materials and supplies for the Water and Swimming Pool Utilities are required, by regulation, to be prepared by Township personnel for inclusion on the Water and Swimming Pool Utilities Operating Fund balance sheet. Annual changes in valuations, offset with a Reserve Account, are not considered as affecting results of operations. Materials and supplies of other funds are not inventoried nor included on their respective balance sheets.

#### Capital Fixed Assets

General:

In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from GAAP, the Township of West Caldwell has developed a fixed asset accounting and reporting system.

GAAP requires that fixed assets be capitalized at historical or estimated historical cost if actual historical cost is not available. Depreciation on utility fixed assets should also be recorded.

Capital fixed assets used in governmental operations (general fixed assets) are accounted for in the Capital Fixed Assets. Public domain ("infrastructure") capital fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

Acquisitions of land, buildings, machinery, equipment and other capital assets are recorded on a perpetual capital fixed asset record.

Vehicles, furniture, equipment and other items are reflected at replacement values at time of inventory preparation. Additions to the established capital fixed assets are valued at cost.

Depreciation of assets is not recorded as an operating expense of the Township.

Utilities:

Capital acquisitions, including utility infrastructure costs of the Water and Swimming Pool Utilities, are recorded at cost upon purchase or project completion in the Fixed Capital Account of the utilities. The Fixed Capital Accounts are adjusted for dispositions or abandonments. The accounts include movable fixed assets of the Utility but are not specifically identified and are considered as duplicated in the Capital Fixed Assets. The duplication is considered as insignificant on its effect on the financial statements taken as a whole.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### C. Basis of Accounting (Continued)

#### Capital Fixed Assets (Continued)

Utilities: (Continued)

Utility improvements that may have been constructed by developers are not recorded as additions to Capital Fixed Assets.

Fixed Capital of the Utilities are offset by accumulations in Amortization Reserve Accounts. The accumulations represent costs of fixed assets purchased with budgeted funds or acquired by gift as well as grants, developer contributions or liquidations or related bonded debt and other liabilities incurred upon fixed asset acquisition.

The Fixed Capital Accounts reflected herein are as recorded in the records of the municipality and do not necessarily reflect the true condition of such Fixed Capital. The records consist of a control account only. Detailed records are not maintained.

### D. Basic Financial Statements

The GASB Codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Township of West Caldwell presents the financial statements listed in the table of contents which are required by the Division of Local Government Services and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

## 2. CASH, CASH EQUIVALENTS AND INVESTMENTS

### A. Cash and Cash Equivalents

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC) or any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund.

The State of New Jersey Cash Management Fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities which mature or are redeemed within one year. Twenty-five percent of the Fund may be invested in eligible securities which mature within two years provided, however, the average maturity of all investments in the Fund shall not exceed one year. Collateralization of Fund investments is generally not required.

In addition, by regulation of the Division of Local Government Services, municipalities are allowed to deposit funds in the Municipal Bond Insurance Association (MBIA) through their investment management company, the Municipal Investors Service Corporation.

In accordance with the provisions of the Governmental Unit Deposit Protection Act of New Jersey, public depositories are required to maintain collateral for deposits of public funds that exceed insurance limits as follows:

The market value of the collateral must equal five percent of the average daily balance of public funds or

If the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

## **2. CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)**

### **A. Cash and Cash Equivalents (Continued)**

All collateral must be deposited with the Federal Reserve Bank, The Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

### **B. Investments**

New Jersey statutes permit the Township to purchase the following types of securities:

- . Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America. This includes instruments such as Treasury bills, notes and bonds.
- . Government money market mutual funds.
- . Any federal agency or instrumentality obligation authorized by Congress that matures within 397 days from the date of purchase, and has a fixed rate of interest not dependent on any index or external factors.
- . Bonds or other obligations of the local unit or school districts of which the local unit is a part.
- . Any other obligations with maturities not exceeding 397 days, as permitted by the Division of Investments.
- . Local government investment pools, such as New Jersey CLASS, and the New Jersey Arbitrage Rebate Management Program.
- . New Jersey State Cash Management Fund.
- . Repurchase agreements of fully collateralized securities, subject to special conditions.

In addition, a variety of state laws permit local governments to invest in a wide range of obligations issued by State governments and its agencies.

As of December 31, 2010, the Township had funds invested and on deposit in checking, savings, certificates of deposit and New Jersey Cash Management Accounts.

The Township's cash and cash equivalents and investments on deposit as of December 31, 2010 was \$7,037,485.19.

These funds constitute "deposits with financial institutions" as defined by GASB Statement No. 40.

## **3. TAXES AND TAX TITLE LIENS RECEIVABLE**

Property assessments are determined on true values and taxes are assessed based upon these values. The residential tax bill includes the levies for the Township, County and School purposes. Certified adopted budgets are submitted to the County Board of Taxation by each taxing district. The tax rate is determined by the board upon the filing of these budgets.

### 3. TAXES AND TAX TITLE LIENS RECEIVABLE (Continued)

The tax bills are mailed by the Tax Collector annually in June and are payable in four quarterly installments due the first of August and November of the current year and a preliminary billing due the first of February and May of the subsequent year. The August and November billings represent the third and fourth quarter installments and is calculated by taking the total year tax levy less the preliminary first and second quarter installments due February and May. The preliminary levy is based on one-half of the current year's total tax.

Tax installments not paid by the above due dates are subject to interest penalties determined by a resolution of the governing body. The rate of interest in accordance with the aforementioned resolution is 8% per annum on the first \$1,500.00 of delinquency and 18% on any delinquency in excess of \$1,500.00. The resolution also sets a grace period of ten days before interest is calculated. In addition, any delinquency in excess of \$10,000.00 at the end of the calendar year is subject to a 6% penalty on the unpaid balance.

Taxes unpaid on the 11<sup>th</sup> day of the eleventh month in the fiscal year when the taxes become in arrears are subject to the tax sale provisions of the New Jersey statutes. The municipality may institute in rem foreclosure proceedings after six months from the date of the sale if the lien has not been redeemed.

The following is a five year comparison of certain statistical information relative to property taxes and property tax collections for the current and previous four years.

## 9. PENSION PLANS

### Description of Systems

Substantially all of the Township's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Public Employees' Retirement System (PERS) or the Police and Firemen's Retirement System (PFRS). In addition, the Township contributes to the Consolidated Police and Firemen's Pension Fund. These systems are sponsored and administered by the New Jersey Division of Pensions and Benefits. The Public Employees' Retirement System and the Police and Firemen's Retirement System is considered a cost sharing multiple-employer plan.

#### Public Employees' Retirement System:

The Public Employees' Retirement System (PERS) was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full-time employees of the State or any county, municipality, school district or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 8 to 10 years of service and 25 years for health care coverage. Members are eligible for retirement at age 60 with an annual benefit generally determined to be 1/55<sup>th</sup> of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Pension benefits for members enrolled in the system after May 21, 2010 would be based on 1/60<sup>th</sup> of the average annual compensation for the last five years of service or any five fiscal years of membership that provide the largest benefit to the member or the member's beneficiary. Early retirement is available to those under age 60 with 25 or more years of credited service. Anyone who retires early and is under age 55 receives retirement benefits as calculated in the above-mentioned formula but at a reduced rate (one quarter of one percent for each month the member lacks of attaining age 55).

## 9. PENSION PLANS (Continued)

### Description of Systems (Continued)

Police and Firemen's Retirement System:

The Police and Firemen's Retirement System (PFRS) was established in July, 1944 under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full-time county and municipal police or firemen and State firemen appointed after June 30, 1944. Membership is mandatory for such employees. Members may opt for Service Retirement if over age 55 or Special Retirement at any age if they have a minimum of 25 years of service or 20 years of service if enrolled in the PFRS as of January 18, 2000. Retirement benefits vary depending on age and years of service.

Chapter 428, Public Laws of 1999, effective January 18, 2000, allows a member, age 55 and older with 20 or more years of service, to retire with a benefit equaling 50% of final compensation, in lieu of the regular retirement allowance available to the member. Final compensation means the compensation received by the member in the last twelve months of creditable service preceding retirement.

In addition, a member of the system as of the effective date of this law may retire with 20 or more years of service with a retirement allowance of 50% of final compensation, regardless of age, and, if required to retire because of attaining the mandatory retirement age of 65, an additional 3% of final compensation for every additional year of creditable service up to 25 years.

Consolidated Police and Firemen's Pension Fund:

The Consolidated Police and Firemen's Retirement System (CPFPPF) is a closed system with no active members and was established in January, 1952 to provide coverage to municipal police and firemen who were appointed prior to July 1, 1944.

### Contributions Required and Made

Contributions made by employees for PERS and PFRS are currently 5.5% and 8.5% of their base wages, respectively. Employer contributions are actuarially determined on an annual basis by the Division of Pensions. Contributions to the plan for the past three (3) years are as follows:

Year	PERS		PFRS		CPFPPF
	Township	Employees	Township	Employees	Township
2010	\$354,500.00	\$205,230.51	\$700,925.00	\$247,232.36	\$ -
2009	303,611.00	218,990.60	658,779.00	238,068.42	-

## 10. DEFINED CONTRIBUTION RETIREMENT PROGRAM

### Description of System

The Defined Contribution Retirement Program (DCRP) was established on July 1, 2007 for certain public employees under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007. The program provides eligible members, with a minimum base salary of \$1,500.00 or more, with a tax-sheltered, defined contribution retirement benefit, in addition to life insurance and disability coverage. If the eligible elected or appointed official will earn less than \$5,000.00 annually, the official may choose to waive participation in the DCRP for that office or position. This waiver is irrevocable.

As of May 21, 2010, the minimum base salary required for eligibility in the DCRP was increased to \$5,000.00.

The DCRP is jointly administered by the Division of Pensions and Benefits and Prudential Financial.

## 10. DEFINED CONTRIBUTION RETIREMENT PROGRAM (Continued)

### Description of System (Continued)

This retirement program is a new pension system where the value of the pension is based on the amount of the contribution made by the employee and employer and through investment earnings. It is similar to a Deferred Compensation Program where the employee has a portion of tax deferred salary placed into an account that the employee manages through investment options provided by the employer.

The law requires that three classes of employees enroll in the DCRP detailed as follows:

- All elected officials taking office on or after July 1, 2007, except that a person who is reelected to an elected office held prior to that date without a break in service may remain in the Public Employees' Retirement System (PERS).
- A Governor appointee with the advice and consent of the Legislature or who serves at the pleasure of the Governor only during that Governor's term of office.
- Other employees commencing service after July 1, 2007, pursuant to an appointment by an elected official or elected governing body which include the statutory untenured Chief Administrative Officer such as the Business Administrator, County Administrator or Municipal or County Manager, Department Heads, Legal Counsel, Municipal or County Engineer, Municipal Prosecutor and the Municipal Court Judge.

Notwithstanding the foregoing requirements other employees who hold a professional license or certificate or meet other exceptions are permitted to remain to join or remain in PERS.

### Contributions Required and Made

Contributions made by employees for DCRP are currently at 5.5% of their base wages. Member contributions are matched by a 3.0% employer contribution. Contributions to the plan for the past three (3) years are as follows:

<u>Year</u>	<u>Township</u>	<u>Employees</u>
2010	\$575.30	\$1,054.68
2009	150.00	275.00
2008	150.00	275.00

## 11. POST EMPLOYMENT BENEFITS OTHER THAN PENSION

### Plan Description

The Township of West Caldwell, by contractual agreement, provides medical benefits to Township employees who retire in accordance with the provisions of the Police and Firemen's Retirement System. The Township also provides medical coverage to surviving spouses of any officer retiring with 25 years or more of service. Such coverage expires when the spouse becomes eligible for Medicare at which time the Township will pay the Part B premium only or if the spouse remarries.

In addition, by resolution of the Township Council the Township provides medical benefits to other retired employees with 25 years of service. The Township will also reimburse the retired employee for Federal Medicare premiums and cover the cost of medical and Medicare premiums for the spouse of the retired employee.

## 11. POST EMPLOYMENT BENEFITS OTHER THAN PENSION (Continued)

### Plan Description (Continued)

The Township will also provide medical coverage and Medicare reimbursements to employees retired from a State or locally administered retirement system with 25 or more years of service credited in such retirement system and a minimum of 10 years of service with the Township of West Caldwell. Spouses of the employees will also be covered, however should the employee predecease their spouse, the spouse will retain the same benefits until they are eligible for Medicare when the Township will only pay Part B premiums and provide no other coverage. Also upon remarrying, the spouse will not be eligible for any medical coverage.

### Actuarial Valuation

An actuarial valuation for the annual payment for currently retired employees and the future costs for these employees has not been prepared.

## 12. MUNICIPAL DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Township are general obligation bonds, backed by the full faith and credit of the Township pursuant to N.J.S.A. 40A:2-8. Bond anticipation notes, which are issued to temporarily finance capital projects, cannot be renewed past the third anniversary unless an amount equal to at least the first legal requirement is paid prior to each anniversary and must be paid off within ten years and five months or retired by the issuance of bonds.

**14. DEFERRED CHARGES TO BE RAISED IN SUCCEEDING YEARS BUDGETS**

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2010 there were no deferred charges.

**15. DEFERRED COMPENSATION PLAN**

The Township of West Caldwell offers its employees a Deferred Compensation Plan created in accordance with the provisions of N.J.S. 43:15B-1 et seq., and the Internal Revenue Code, Section 457. The plan, available to all municipal employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

## 15. DEFERRED COMPENSATION PLAN (Continued)

Statutory and regulatory requirements governing the establishment and operation of Deferred Compensation Plans have been codified in the New Jersey Administrative Code under the reference N.J.A.C. 5:37.

The "Small Business Job Protective Act of 1996" revised several provisions of Section 457 of the Internal Revenue Code. A provision of the act required that all existing plans be modified to provide that the funds be held for the exclusive benefit of the participating employees and their beneficiaries.

The Township of West Caldwell authorized such modifications to their plan by resolution of the Township Council adopted September 16, 1997.

The administrator for the Township of West Caldwell Deferred Compensation Plan is the Variable Annuity Life Insurance Company (VALIC).

## 16. RISK MANAGEMENT

The Township of West Caldwell maintains a partial self-insurance program for health benefits which was established by resolution of the Governing Body adopted May 22, 1991.

Health Benefits:

Additional coverage is provided by a "Stop Loss" insurance policy, issued by the United of Omaha Life Insurance Company with coverages detailed as follows:

### A. Specific Loss:

The Township will pay the Specific Deductible amount of \$45,000.00 for any one occurrence plus an aggregating Specific Deductible of \$50,000.00. The aggregating Specific Deductible can be met by one employee or by a number of employees exceeding their Specific Deductible amount. Once the aggregating Specific Deductible of \$50,000.00 is met, then all claims in excess of \$45,000.00 are covered for an additional \$1,955,000.00 per incident.

### B. Aggregate Loss:

The maximum annual aggregate reimbursement is \$1,000,000.00.

Processing and payment of claims are administered by the Insurance Design Administrators.

There has been no provision included in the financial statements for claims incurred but not reported as of December 31, 2010.

A summary of activity for this fund is detailed as follows:

Balance December 31, 2009	\$ 1,687.79
Receipts	<u>1,490,360.34</u>
	1,492,048.13
Disbursements	<u>1,452,069.11</u>
Balance December 31, 2010	<u>\$ 39,979.02</u>

## **17. CONTINGENT LIABILITY**

### **A. Compensated Absences**

The Township permits employees to accrue unused vacation and sick pay which, if not taken as time off, will be paid at a later date at an agreed upon rate. Employees will be compensated for up to 20 unused vacation days at full rate. Ordinance #1307 dated July 16, 1996 details the vacation leave policy for Township employees. Any employee, not covered by a collective bargaining agreement, having accumulated unused vacation days in excess of 20 days shall be considered lost unless specifically authorized by resolution of the Mayor and Township Council.

Employees hired prior to May 1, 1998 will be compensated for one-half of accumulated sick leave at separation without limit. Employees hired on or after May 1, 1998 will be compensated for one-third of accumulated sick leave at separation, subject to a maximum payment of \$15,000.00.

The Township estimates that the current cost of such unpaid compensation would be \$1,334,296.03 payable to 73 officials and employees on the basis of 2010 salary rates. This amount was not verified by audit.

Provision for the above is not reflected on the Financial Statements of the Township.

### **B. Tax Appeals**

As of December 2, 2011, there were fifty-eight appeals pending before the New Jersey Tax Court with an assessed valuation of \$152,430,300.00. Potential liability was undeterminable.

Judgments favorable to the taxpayers generally extend to two years following the year judged and would also subject the Township to a liability for statutory interest based upon the amount of taxes refunded from the date of payment to the date of refund (R.S. 54:3-27.2).

### **C. Federal and State Awards**

The Township participates in several state grant programs which are governed by various rules and regulations of the grantor agencies; therefore, to the extent that the Township has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable at December 31, 2010 may be impaired. In the opinion of management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions have been recorded in the accompanying statutory basis financial statements for such contingencies.

### **D. Litigation**

There is no significant litigation or any contingent liabilities, unasserted claims or assessments or statutory violations which would affect the financial position or results of operations of the Township.

General liability claims pending against the Township are handled by insurance carriers.

## **18. SUBSEQUENT EVENTS**

The Township of West Caldwell has evaluated subsequent events that occurred after the balance sheet date but before December 2, 2011. No items were determined to require disclosure.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF STATUTORY BASIS FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and Members  
of the Township Council  
Township of West Caldwell  
West Caldwell, New Jersey 07006

We have audited the statutory basis financial statements of the various funds of the Township of West Caldwell, County of Essex, as of and for the years ended December 31, 2010 and December 31, 2009 and have issued our report thereon dated December 2, 2011, which was qualified as a result of the Municipality's policy to prepare its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Municipality's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Municipality's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Municipality's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Municipality's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. We noted certain matters, however, that we have reported and described in Part II of the accompanying "Report on Examination of Accounts".

This report is intended solely for the information and use of the Municipality's governing body and management, appropriate State and Federal awarding agencies and the Division of Local Government Services, Department of Community Affairs, State of New Jersey. It is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

Honorable Mayor and Members  
of the Township Council  
Township of West Caldwell  
West Caldwell, New Jersey 07006

Madame and Gentlemen:

We have audited the financial statements and other data of the

## TOWNSHIP OF WEST CALDWELL COUNTY OF ESSEX

for the years ended December 31, 2010 and December 31, 2009 and have issued our report thereon. As part of our audit, we reviewed and tested the municipality's system of internal accounting control to the extent we considered necessary to evaluate the system as required by auditing standards generally accepted in the United States of America; by the Division of Local Government Services of the Department of Community Affairs, State of New Jersey; by the *Government Auditing Standards* issued by the U.S. General Accounting Office; and by the provisions of the "Single Audit Act of 1984". Compliance requirements were also reviewed in accordance with the requirements of the aforementioned standards and guidelines, or where applicable, the terms and conditions as particular grant agreements and as approved by the Cognizant Audit Agency.

Our comments with respect to the audit, internal control, and any error, omission, irregularity, violation of law, discrepancy or other nonconformity to the law or regulation found during the audit are herewith set forth.

*Contracts and Agreements Required to be Advertised (N.J.S. 40A:11-4)*

N.J.S. 40A:11-4, as amended, states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only by the Governing Body of the contracting unit, after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in, or the amount calculated by the Governor pursuant to N.J.S. 40A:11-3c except by contract or agreement."

It is pointed out that the Township Council has the responsibility of determining whether the expenditures in any category will exceed the threshold set for the fiscal year and, where question arises as to whether any contract or agreement might result in violation of the statute, the opinion of the Township Attorney should be sought before a commitment is made.

The statutory bidding threshold for the year 2010 was the sum of \$36,000.00 effective July 1, 2010 in accordance with the provisions of N.J.S.A. 40A:11-3a, based on the appointment of a qualified purchasing agent.

P.L. 2005, Chapter 51 and N.J.S.A. 19:44A-20.5, known as the "Pay-to-Play-Law", however, provides that a municipality is prohibited from executing any contract in excess of \$17,500.00, on or after January 1, 2006, to a business entity that made certain reportable conditions to any municipal committee of a political party if a member of that party is in office as a member of the governing body of the municipality when the contract is awarded unless proposals or qualifications are solicited through a fair and open process.

It is further noted that contracts between \$17,500.00 and the municipal bidding threshold, known as "window contracts", can be issued by resolution of the governing body.

The minutes indicate that bids were requested by public advertising for the following items:

Service and Construction Contracts:

- Solid Waste, Recycling and Leaf Collection
- Reconstruction of Various Streets
- Barrier-Free/ADA Improvements to Library Toilet Facilities
- Barrier-Free/ADA Improvements to Civic Center and Crane Park
- Anita Path Pavement Rehabilitation Project
- Barrier-Free/ADA Improvements to Cedar Street Pool
- Demolition of Property at 139 Mountain Avenue
- Midvale Avenue Reconstruction Project
- Firehouse Addition and Alterations Project

Vehicles and Equipment:

- 2011 GMC Cab/Chassis and Body and 2009 GMC Pick-Up Truck
- Quick Attach Fire Apparatus

Inasmuch as the system of records did not provide an accumulation of payments for categories of materials and supplies or related work or labor, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 19:44A-20.5.

During our review, it was noted that three items tested were not in compliance with the Local Public Contracts Law or the Pay-to-Play Law, detailed as follows:

<u>Vendor</u>	<u>Amount</u>
D and J Maintenance Service	\$ 52,260.00
Broheimer Tree Experts, Inc.	27,964.00
CFM Construction Inc.	17,578.47

It is recommended that purchasing procedures be reviewed to ensure compliance with the Local Public Contracts Law and the Pay-to-Play Law.

**Collection of Interest on Delinquent Taxes, Assessments and Water Billings**

N.J.S. 53:4-67, as amended, provides the method for authorizing interest and the maximum rate to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The Governing Body adopted the following resolution on January 3, 2010, authorizing interest to be charged on delinquent payments:

"RESOLVED on recommendation of the Finance Committee that the rate of interest charged for the nonpayment of taxes on or before the respective dates on which they became delinquent, be and the same is hereby fixed and determined to be eight (8%) percent on amounts up to and including fifteen hundred dollars (\$1,500.00), and eighteen (18%) percent on amounts in excess of fifteen hundred dollars (\$1,500.00); and

BE IT FURTHER RESOLVED that in accordance with Chapter 75, P.L. 1991 the Governing Body may fix a penalty to be charged to a taxpayer with a delinquency in excess of \$10,000.00 who fails to pay that delinquency prior to the end of the calendar year. The penalty so fixed shall not exceed 6% of the amount of the delinquency."

Interest on delinquent taxes was generally collected in accordance with the provisions of the above resolution.

Interest penalties at the rate of 5% per month were also collected on water and sewer billings not paid within 30 days with a minimum penalty of \$1.00 for every 30 days in accordance with the provisions of Ordinance #1478 adopted December 17, 2002.

**Delinquent Taxes**

A tax sale was held on October 14, 2010 and was complete.

**Tax Title Liens**

The following comparison is made of the number of Tax Title Liens Receivable on December 31 of the last three years:

<u>Year</u>	<u>Number</u>
2010	6
2009	3
2008	3

It should be noted that tax title lien original certificates, numbers H-2 and H-3, were not available for audit review. Copies, however, were on hand.

**Cash Receipts**

Duplicate cash receipts and tax stubs from February 13, 2010 to March 26, 2010 were not available for audit review.

It is recommended that all duplicate cash receipts and tax stubs be available for audit review.

**Verification of Delinquent Taxes and Other Charges**

A test verification of unpaid charges and current payments in accordance with the regulations of the Division of Local Government Services, consisted of notices as follows:

<u>Type</u>	<u>Number of Notices</u>
Payment of 2010 Taxes and 2011 Taxes	118
Payment of Water Rents	119
Payment of Sewer Rents	16
Delinquent Taxes	2
Unpaid Water Utility Charges	5
Unpaid Sewer Utility Charges	2
Tax Title Liens	<u>2</u>
	<u>264</u>

There were no exceptions developed in connection with our examination.

**Cancelled Checks**

Several cancelled checks were not available for audit review in the following accounts:

<u>Bank</u>	<u>Account Number</u>	<u>Months</u>
JP Morgan Chase Bank: Current Fund	#777285258	January - May 2010
General Trust Fund	#6026-003169	January - May 2010
Water Operating Fund	#2619025055	January - April 2010
Water Capital Fund	#2610719532	January - May 2010
Payroll Fund	#2610719680	January - May 2010

It is recommended that all cancelled checks be available for audit review.

**Bank Charges**

Several bank charges appear as due from bank on the Current Fund bank reconciliation as of December 31, 2010, detailed as follows:

	<u>Amount</u>
Current Fund	\$ 2,515.45

It is recommended that certain bank charges be reviewed and appropriate action taken.

**Minutes**

The minutes for the December 2010 meetings were not available for audit review.

It should be noted however, that resolutions, ordinances and other documents were reviewed for those meeting dates.

It is recommended that all minutes be available for audit review.

**Dedication by Rider**

A certain account included on the balance sheet of the General Trust Fund may be subject to the provisions of Dedication by Rider N.J.S. 40A:4-39. Specifically, this account is the Health Benefit Reserves.

It is recommended that a resolution be adopted by the Township Council requesting approval for insertion of a certain account in the Municipal Budget under the provisions of N.J.S. 40A:4-39, "Dedication by Rider".

**Revenue Collecting Officials**

Construction Code Official:

Receipting and record maintenance procedures implemented in the Office of the Construction Code Official appear to be in accordance with the provisions of the Uniform Construction Code of New Jersey and the precepts and directives of the New Jersey Division of Housing and Development in the Department of Community Affairs. The system mandates the use of standardized forms prepared and distributed by the State to all Chief Construction Code Officials. Supplies of application forms may also be maintained by private contractors. The forms are not prenumbered and their prescribed use eliminates such time-proven and inherent assurances of accountability, control of inspections and fiscal activity thus afforded. Reliance of the accuracy and integrity of all departmental activity is therefore necessarily placed upon internal numbering systems and recording practices.

Recreation Department:

Collection of Recreation Department revenue was not turned over to the Tax Collector within 48 hours after receipt, in accordance with the provisions of N.J.S.A. 40A:5-15.

Clerk's Office:

The cash receipts book was not available for audit review.

Planning Board:

The cash receipts book for the Planning Board was not totaled on a monthly basis.

It is recommended:

That departmental collection procedures be reviewed for the Recreation Department to ensure compliance with deposit provisions of N.J.S.A. 40A:5-15.

That the cash receipts book for the Clerk's Office be available for audit review.

That the cash receipts book for the Planning Board be totaled on a monthly basis.

**Other Accounts Receivable**

Certain accounts receivable have remained open as of December 31, 2010 on the General Trust Fund balance sheet and are detailed as follows:

<u>Name</u>	<u>Amount</u>
SOS Security	\$ 51.00
Brian Joy	190.00

It is recommended that certain accounts receivable items in the General Trust Fund be reviewed and a determination made as to proper disposition.

**Federal and State Grant Fund**

During our review it was noted that the following grant funds have not been realized or have not been fully expended:

It is recommended that certain grants be reviewed and appropriate action taken as to their disposition.

**Security Deposit**

A security deposit originating from the year 2005 in the sum of \$500.00 appears on the balance sheet of the Swimming Pool Operating Fund as of December 31, 2010.

It is recommended that a security deposit in the Swimming Pool Operating Fund be reviewed and a determination made as to proper disposition.

**Payroll Fund**

On July 1, 2009, the Township of West Caldwell contracted with Balance Point Payroll to be the third party payroll service provider. Balance Point Payroll has the authority to withdraw funds from the Township account and transfer these funds to their own accounts for purpose of the payment to certain agencies with regard to payroll deductions.

An audit of the service provider's payroll account was not provided to the Township nor did our staff prepare such an audit. We did review certain records provided to the Township. It should be noted however, that we could not verify required payments of Federal and State agencies made by the service provider.

The Local Finance Board has adopted rules and regulations regarding third-party payroll vendors which are summarized in N.J.A.C. 5:30-17 and further provides authority for local governments to hire payroll service vendors to disburse funds to payroll agencies on behalf of the local unit.

A contractual agreement must exist between the municipality and the third party payroll provider detailing certain terms and conditions as required by N.J.A.C. 5:30-17.6. A copy of this agreement with Balance Point Payroll was not available for audit review.

In addition, Local Finance Notice 2009-18 has offered additional safeguards with respect to third-party payroll services.

Cash reconciliations for the period April 2008 to the current date have not been prepared.

A cash receipts and disbursements journal was not maintained.

A list of payroll deductions payable was not available for audit review.

The following recommendations with respect to the Payroll Fund are noted as follows:

That a contractual agreement with Balance Point Payroll for third party payroll services be available for audit review.

That cash reconciliations for the Payroll Fund bank account be prepared and filed on a monthly basis.

That a Payroll Fund cash receipts and disbursements journal be established and maintained.

That a list of payroll deductions payable be available for audit review.

**Rental of Township Property**

Current lease agreements with Comcast Cable of N.J. Inc. and Marci Wolff Ober were not available for audit review.

It is recommended that the current lease agreements with Comcast Cable of N.J. Inc. and Marci Wolff Ober be available for audit review.

It appears that rent due from Marci Wolff for the month of October 2008, in the sum of \$549.00, and three months in 2010, in the sum of \$1,686.00, has not been paid as of the current date.

It also appears that the rent due from Comcast Cable of N.J., Inc. for the year 2009 and 2010 has not been paid as of the current date.

It is recommended that certain rental accounts receivable items be reviewed and a determination made as to proper disposition.

**General Ledger**

In accordance with regulations promulgated by the Division of Local Government Services, a general ledger accounting system is required to be maintained for all municipal funds.

It is noted that general ledgers were not maintained for any fund in the years 2009 and 2010.

During the year 2011, however, a complete general ledger is maintained by the current Chief Financial Officer.

**Escrow Deposits**

A detailed list of escrow deposits was not available for audit review.

It is recommended that a detailed list of escrow deposits be available for audit review.

**Other Post Employment Benefits**

Local Finance Notice 2007-15 requires local units that provide non-pension benefits to retired employees, such as health insurance coverage, prescription or other benefits, to disclose the annual payment for currently retired employees and future cost for those employees in the Notes to the Financial Statements.

Those municipalities that are not members of the State Health Benefits Plan or other cost sharing plans must obtain an actuarially calculated post employment benefit on a periodic basis for inclusion in the Notes to the Financial Statements.

The Township of West Caldwell maintains private health coverage and provides certain retired employees with post employment benefits which require appropriate disclosure in the Notes to the Financial Statements in accordance with regulations promulgated by the Local Finance Board.

To date the aforementioned post employment costs for the Township of West Caldwell have not been determined, resulting in our inability to include this information in the Notes to the Financial Statements.

It is recommended that an actuarial study be prepared to determine certain post employment benefits in accordance with regulations promulgated by the Local Finance Board.

Another comment with respect to the Municipal Court is as follows:

All tickets that have been assigned must be issued within six months. On December 31, 2010, there were 8 tickets assigned but not issued in excess of six months.

The following recommendation with respect to the Municipal Court is noted as follows:

That tickets assigned but not issued in excess of six months be reviewed for proper disposition.

**Corrective Action Plan**

In accordance with regulations promulgated by the Single Audit Act and the Division of Local Government Services, all municipalities are required to prepare and submit to the Division of Local Government Services, a Corrective Action Plan with regard to audit deficiencies. This plan must be approved by formal resolution of the Governing Body and submitted within 60 days from the date the audit is received.

The Corrective Action Plan was prepared by the Chief Financial Officer and filed in accordance with the aforementioned regulations.

**Status of Prior Years' Audit Recommendations**

A review was performed on all prior years' recommendations and corrective action was taken on all with the exception of those recommendations marked with an asterisk.

Miscellaneous

Revenue and receipts were established and verified as to source and amount only insofar as the local records permitted.

In verifying expenditures, computations were tested on claims approved and paid. No attempt was made in this connection to establish proof of rendition, character or extent of services, nor quantities, nature, propriety of prices or receipt of materials, these elements being left necessarily to internal review in connection with approval of claims.

Individual payments of the Local School District Tax by the municipality were confirmed as received by the Secretary of the Board of Education for the year 2010.

Change and Petty Cash Funds were verified by physical counts during the course of audit.

All sums of outstanding checks shown in cash reconciliations herein are in agreement with the records of the Treasurer.

An exit conference was held with the Business Administrator and Chief Financial Officer.
