We are proud to report that our 2018 spring baseball program had 431 players, making up 37 teams, who participated in games from April thru mid-June. We held our first Annual Baseball Day on April 28th at Francisco Park. Over 200 players, families and friends came out for a great day of baseball and fun activities. The day featured four games (three at the 5/6 level and one at the 3/4 level). The fun included a super-sized Connect Four game, hot dogs, ice cream and a super slide.
